What did the snowman eat for breakfast?

Happy New Year, everyone!

The arrival of a new year is always an exciting time, as we embrace a fresh start and fresh possibilities. For our high school students, it's also a crunch time, as the first semester comes to a close with diploma exams and finals. I wish our students all the best at this critical time.

A new year is also a time of fresh promise and potential.

In Palliser, this new year brings new staff to our schools as we reduce class sizes where needed to ensure our younger students receive the quality time they need from their teachers. At every school additional resources are available thanks to the restored funding from the province. We're looking to these resources to support school improvement and student learning.

This will also be a year of continued focus on assessment for learning, and continued development of skills to support student literacy and numeracy, both essential skills for lifelong success.

There's much work to be done, so I hope all of our students and staff returned from the winter break re-energized. We've got a lot to accomplish before the end of June, and let's not forget, Together Everyone Achieves More. Welcome back, TEAM!
